

2007 SENATE BILL 239

July 18, 2007 - Introduced by Senators KREITLOW, ERPENBACH and HARSDORF, cosponsored by Representatives HUBLER, BOYLE, M. WILLIAMS, TOWNSEND and HAHN. Referred to Committee on Ethics Reform and Government Operations.

1 **AN ACT to create** 16.855 (2m) of the statutes; **relating to:** the location for receipt
2 of bids to perform work on state construction projects.

Analysis by the Legislative Reference Bureau

Currently, with limited exceptions, the Department of Administration (DOA) administers and supervises state construction projects other than highway projects. Currently, with certain exceptions, if the estimated construction cost of a project exceeds \$40,000, DOA must solicit bids preceded by public notice. DOA determines the location at which bids will be received.

This bill provides that whenever the work under a state construction project, other than a highway project, is to be performed at a single site, DOA must receive any bids for work to be performed on the project at the site of the project or at a publicly owned or leased facility that is located within 20 miles of that site.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 16.855 (2m) of the statutes is created to read:
4 16.855 (**2m**) Whenever the work under a project is to be performed at a single
5 site, the department shall receive any bids for work to be performed on the project

SENATE BILL 239

SECTION 1

1 at the site of the project or at a publicly owned or leased facility that is located within
2 20 miles of that site.

3 (END)
